

THE COLD HARD FACTS...

- 1 GEN V 35m³ is Australia's largest side loader body
- 2 GEN V Extend-A-Slide offers Australia's longest reach at 3,796mm
- 3 GEN V has Australia's lowest body profile at 2,148mm
- 4 GEN V 35m³ offers Australia's largest recycling capacity, based on a compaction density of 220kg/m³, a payload of 7,700kg will be achieved
- 5 GEN V has Australia's largest bin lifting capacity at 180kg
- 6 GEN V has Australia's fastest bin lifter, capable of lifting 6 bins per minute
- 7 GEN V has Australia's hardest wearing hopper, constructed from 8mm Creusabro 8,000
- 8 20 years on and we're still building Australia's leading side loader!
